9 May 2003

Ms. Deirdre B. Clark, Senior Planner
 Fauquier County Department of Community Development
 Court and Office Building - Third Floor
 40 Calpeper Street
 Warrenton, VA 20186-3298

Subject: 6995-15-0169-000 and 6995-15-2925-000 - 7073 Glanamman Way (Airlie Estates)

Dear Ms. Clark:

In regards to the subject subdivision, we note the following:

1. The Authority provides public water services to various parcels of land within the Warrenton Service District.
2. The Authority has no public water facilities within 300 feet of the Property and no plans to extend services to its vicinity in the foreseeable future.

Please note that no approval of the project is either expressed or implied by this comment letter. While the Authority will participate in the County review process to the extent practicable, we do have specific project submission and approval requirements that all applicants for service must meet. Each applicant participating in your review process should be informed that they are in no way exempted from meeting the requirements of the Authority's Rules and Regulations, our schedule of Rates, Fees and Other Charges or our Utility Standards. As always, should you have further questions or require additional information, contact this office.

Sincerely

 Barney E. Durrett, Jr.
 General Manager
